EXECUTIVE SUMMARY

Digital Strategy & E-Commerce Manager and Web Developer specializing in scaling direct-to-consumer (D2C) brands through performance marketing, conversion rate optimization (CRO), and custom storefront engineering. Proven track record managing end-to-end Shopify stores, multi-lingual Meta Ads funnels (970+ verified leads captured across regional campaigns), WhatsApp CRM automations, and Amazon/Flipkart marketplaces—combining front-end code (HTML/CSS/JS, Liquid, React) and Python automation to drive measurable revenue growth.

PROFESSIONAL EXPERIENCE

Digital Strategy & E-Commerce Manager — NutriMonk August 2026 – Present | Palakkad, Kerala

- Lead end-to-end D2C digital strategy, customer acquisition, and omnichannel e-commerce operations for NutriMonk's monk fruit sweetener line (Liquid Drops & Concentrated Powder packs) across South India.
- Architect and customize the Shopify storefront (nutrimonks.com) using Liquid, HTML5, CSS3, JavaScript, and GSAP animations, optimizing product pages and checkout UX for higher conversion rates (CRO).
- Scale Meta Ads (Facebook & Instagram) acquisition and retargeting funnels—including regional Malayalam WhatsApp lead forms, video ad sets, and 35+ audience segments—capturing **970+ verified customer leads** across tracked campaign sheets.
- Integrate automated omnichannel CRM workflows connecting WhatsApp Cloud API, TeleCRM, Wabis chatbots, and real-time Meta Lead Ads-to-Google Sheets pipelines for rapid lead conversion.
- Develop custom Python automation scripts (`pandas`, `openpyxl`, `ReportLab`, `WeasyPrint`) to generate compliant shipping labels, streamline order fulfillment, and reconcile India Post delivery records.
- Manage Amazon Seller Central operations, multi-tier bundle pricing (Single, Pack of 2, Buy 2 Get 1 Free), ASIN SEO (EcomBuddha AI), and technical site audits via Ahrefs and Semrush (maintaining an 86–92% site health score).

Digital Marketing Specialist — Brownies Basket June 2026 – July 2026 | Anekal, Karnataka

- Planned and executed paid social and search advertising campaigns across Meta (Facebook & Instagram) and Google channels to expand regional brand reach and customer acquisition.
- Analyzed campaign performance metrics and funnel behavior in Google Analytics to refine audience segmentation, optimize budget allocation, and improve return on ad spend (ROAS).
- Optimized website landing sections, promotional creatives, email marketing flows, and on-page SEO elements to strengthen organic search rankings and conversion rates.

Web Developer & Digital Marketing — Abrar Ventures Pvt Ltd September 2025 – April 2026 | Kottakkal, Kerala

- Managed and maintained the company's e-commerce web properties (including the *Beetot* infant care storefront at beetot.in), handling full-cycle Shopify store operations, catalog uploads, collections, and pricing.
- Planned and executed Meta Ads performance marketing campaigns, designing promotional banners and video ad creatives tailored to target segments to drive store traffic and improve ROAS.
- Integrated the Shopify Google Channel App, Meta Lead Ads CRM Google Sheet automation, payment gateways (Razorpay, Cashfree, PayU), and logistics partners (Shiprocket, Delhivery) while troubleshooting checkout bottlenecks.
